Insurance Department Issues Overview Of 2018 Kansas Health Insurance Market

TOPEKA, KS – Kansas consumers will have choices of health insurance companies when open enrollment begins Nov. 1, according to the Kansas Insurance Department.

An online department document shows health plans available through the federally-facilitated marketplace (FFM) are from Blue Cross and Blue Shield of Kansas; Medica Insurance Company; and Sunflower State Health, Inc. All three companies signed agreements Sept. 27 with the federal government to offer 23 individ-

ual marketplace plans online through www.healthcare.gov. Also, all three companies will offer plans off the online marketplace as well.

The Blue Cross and Blue Shield of Kansas products are available in all Kansas counties except Johnson and Wyandotte. Medica will have plans available in all counties, and the Sunflower State Health Plan coverage is for Johnson and Wyandotte counties only.

Consumers wishing to look at the complete overview of the 2018 plan informa-

tion prior to online enrollment can go to <http://www.ksinsurance.org/documents/healthlife/health/KID-Issue-Brief.pdf> on the insurance department's website, www.ksinsurance.org.

"The insurance department was instrumental in bringing new companies to the marketplace with offerings in 2017 and 2018," said Ken Selzer, CPA, Kansas Commissioner of Insurance.

Approximately four percent of Kansans are covered by individual major medical insur-

ance purchased either through the federal marketplace or off marketplace.

The federal government has not indicated whether consumers will be able to "window shop" for all plans on the federal website prior to November 1, 2017, the official date for 2018 open enrollment to begin.

"During open enrollment, Kansans need to evaluate whether to enroll in coverage, stay on their current policies, if available, or enroll in different policies," said Commissioner Selzer. "It is also important for consumers to understand the network

requirements of the various plans and to check that all of their providers of medical services are in the plan's network."

Open enrollment for the 2018 plan year ends December 15, 2017. This is a shorter open enrollment period than in years past. The federal government established this open enrollment period for coverage purchased on the FFM or off.

"We know that consumers will have questions about open enrollment," Commissioner Selzer said. "We will assist callers through our Consumer Assistance Division by answering questions they have

or by referring them to the proper agencies for help."

The department's Consumer Assistance Hotline is 800-432-2484. Questions can also be answered through the department's online chat feature at www.ksinsurance.org.

The Kansas Insurance Department, established in 1871, assists and educates consumers, regulates and reviews companies, and licenses agents selling insurance products in the state. More about the department is online at www.ksinsurance.org or at www.facebook.com/kansasinsurancedepartment.

How May We Help You?

By Cecilia Fields Social Security District Manager In KCK

Social Security has a toolbox full of resources on its website, www.socialsecurity.gov, to help you with your financial planning. With so many resources, maybe it's easier if we highlight one of our "best."

B.E.S.T. is the Benefit Eligibility Screening Tool, available at <https://ssabest.benefits.gov>. It can help you find out if you might be eligible for retirement, disability, survivors, Supplemental Security Income, or Medicare benefits. Although B.E.S.T. asks you a series of questions to determine your eligibility, they are not personal in nature and the answers are not stored.

On average, it takes only about 10 minutes to complete the B.E.S.T. questionnaire. First, it guides you through the questions needed to find

out if you could qualify for benefits. Just to the right of each question is an information icon (a white "i" in a blue circle) that gives you tips on how to answer each question.

The "results" section appears automatically after you have completed some basic questions. B.E.S.T. lists each program for which you might qualify. By clicking on the "read more" tab, you'll find a description of the benefits program, its requirements, and what your next steps should be. If you are eligible for benefits, you must file an application for benefits with Social Security because B.E.S.T. is not an application. The best way to do this is by visiting www.socialsecurity.gov.

You can go back and narrow your resource responses by answering additional questions. After you have reviewed the results, you can print a copy

for your records or email yourself a copy.

B.E.S.T. doesn't screen for the Extra Help program, which helps with Medicare Part D prescription drug plan costs. You can see if you qualify for that at www.socialsecurity.gov/medicare/prescriptionhelp.

The results couldn't be clearer — investing just ten minutes can yield all the possible resources available to you from Social Security. Now, that's a tool worth using.

PAYROLL SPECIALIST WANTED

Must have at least two years' experience in preparing payroll and processing payroll returns. Also, experience with Excel, Microsoft Word and accounting functions. Salary commensurate with experience. Please email resume to cgordon931@aol.com.

October is Car Care Month
AAA Kansas offers simple steps drivers can take to ready their vehicles for winter.

TOPEKA, Kan. – Oct. 3, 2017 – October is Car Care Month, and AAA Kansas is advising drivers to prepare their vehicle before Old Man Winter is knocking on the door. Vehicle maintenance is key, and there are a few simple things every driver can do to make sure their car is road-ready for the winter ahead.

“Learning how to handle common maintenance issues is beneficial to anyone who gets behind the wheel,” said Shawn Steward, spokesperson for AAA Kansas. “Proper maintenance can extend the life of your vehicle and help prevent costly repairs.”

In the past, vehicle maintenance needs were relatively simple and consistent across automakers. Today’s engineering advancements require less maintenance at less frequent intervals. Examples, AAA Kansas notes, include oil-change intervals now recommended at 5,000 to 10,000 or more miles, transmission fluids designed to last 100,000 miles and sealed batteries that never need to have fluid added. Even with these advancements, vehicles still require routine services that are important to maintaining the performance and safety of the vehicle.

October is the perfect month to make sure your vehicle is winter ready. The weather is mild, and there is plenty of time to deal with the potentially costly repairs before winter weather sets in.

To ensure your vehicle is properly maintained, AAA Kansas recommends that motorists:

* Read the maintenance

requirements set by your car’s manufacturer in the owner’s manual. There is no longer a “standard” maintenance schedule for vehicle services – including brake fluid. Each automaker has different requirements, making your owner’s manual the most accurate resource.

* Inspect brakes as recommended in your owner’s manual, or sooner if you notice pulsations, pulling, noises while braking or longer stopping distance. Correct minor brake problems promptly. Check your owner’s manual to see if the brake fluid should be changed at a specific interval. If no interval is specified for brake fluid service, AAA Kansas suggests flushing the system every two years or anytime the brake system is serviced.

* Follow the recommendations of in-vehicle maintenance reminders, as they have the best information to determine maintenance needs for your vehicle because they account for how you actually drive. However, many reminder systems do not specifically cover maintenance operations that need to be performed on a time or mileage basis – such as brake fluid and coolant flushes or timing-belt replacement.

* Work with a local repair shop you trust - Every car requires routine maintenance and repair. The best time to find a mechanic or auto repair shop is before you need one. Start by asking friends and family for recommendations of repair shops and mechanics. Visit AAA.com to find nearby AAA Approved

Auto Repair facilities. Once you’ve narrowed down your choices, take your vehicle to your top candidate shop for routine maintenance. While there, talk with the employees and take a look at the facility and consider the following questions:

- Does the facility have up-to-date equipment?
- Were you offered a written estimate?
- Does the shop offer a nationwide warranty on parts and labor?
- Are customer areas clean, comfortable and well organized?

When having your car serviced, follow the factory recommended maintenance schedule to avoid under- or over-maintaining your vehicle. Oil changes, tire rotations, changing transmission fluid, and replacing an air filter are the types of routine maintenance recommended by your vehicle’s manufacturer. The maintenance schedule for these services and more can be found in the vehicle owner’s manual.

AAA provides automotive, travel, and insurance services to 57 million members nationwide and more than 342,000 members in Kansas. AAA advocates for the safety and mobility of its members and has been committed to outstanding road service for more than 100 years. AAA is a not-for-profit, fully tax-paying member organization works on behalf of motorists, who can now map a route, find local gas prices, discover discounts, book a hotel, and track their roadside assistance service with the AAA Mobile app (AAA.com/mobile) for iPhone, iPad and Android.
